

Matter of life and debt ...

Has the credit crunch put you on the **debt** spiral?
Worried about **redundancy**?
How can the church help people in **debt**?

It is estimated that as many as seven million people in the UK are at risk of getting into problems over debt because of the state of the economy - and many of them won't realise how serious, and stressful, the situation can become if it isn't kept under control.

Redundancy is becoming a reality for many people and creates much anxiety and uncertainty.
